About the Oregon Friends of C.G. Jung

The visionary Swiss psychiatrist Carl Gustav Jung (1875-1961) was a pioneer in depth psychology who remains a source of inspiration and enlightenment for those who are open to the wisdom, creativity, and healing potential of the psyche. Oregon Friends of C.G. Jung offers lectures and workshops in which Jungian ideas are explored in depth. Jung suggested that the psyche unfolds toward wholeness over the course of a lifetime, and our public programs are presented in the spirit of realizing this possibility at both the personal and collective levels - through a community of understanding. Those who attend our lectures and workshops seek to enlarge and deepen their understanding of life’s challenges and stages with the expectation that this inner work confers an abiding sense of shared meaning and purpose.

Since 1974, our volunteer organization has offered programs by leading Jungian analysts and scholars from around the world who bring their insightful and innovative perspectives to our community in Portland. Our members and our audience-at-large span all walks of life and all levels of familiarity with Jungian psychology.

In addition to our annual program season, we offer an extensive library of books, journals, and recordings of our speakers. We invite you to attend our events and participate in a community of seekers who value an inner life.
